Erin

In a call this morning, David Nawi again made the plea that the Corps attend this meeting next Tuesday morning with ICF. I told him I would try to call in, that Nepstad was in Long Beach and that I believed you were going to attend. Do I have it right?

On a related topic, I need to better understand the connection of the NEPA EIR/EIS to the LEDPA for the Site Specific conveyance (North Delta Diversion) for the Section 404 Permit decision (Item 4 on page 3 of the MOU and its LEDPA tie in to the EIR/EIS serving as means for NEPA & CEQA compliance).

Thanks

Paul

I think it would make sense for someone from the Corps to attend the meeting below (it is in the a.m.). This will be an important meeting to discuss with the new consultant (ICF) the process and timing for moving ahead with the BDCP Effects Analysis and the EIS.

Hello David,

Chuck asked that I reach out to you to regarding the upcoming 5 Agency Meeting this Tuesday, June 28th. Do you happen to know who will be attending from the Federal Lead Agencies?

Thank you,
